ANNEX VIII – SAN MARINO PROTOCOL

FREEDOM OF ESTABLISHMENT

List provided for in Article 17(4) of the Framework Agreement

INTRODUCTION

Framework Protocol 1 shall apply, unless otherwise provided for in this Annex, where the EU legal acts referred to in this Annex contain notions or refer to procedures which are specific to the EU legal order, such as:

– recitals;

– the addressees of the EU legal acts;

– references to territories or languages of the EU;

– references to rights and obligations of EU Member States or their public entities, undertakings or individuals in relation to each other; and

– references to information and notification procedures.

SECTORAL ADAPTATIONS

The following sectoral adaptations shall apply to San Marino in the light of its specific geographical situation. The following arrangement shall be reviewed every 10 years.

I

Nationals of EU Member States may reside in San Marino only once they have obtained a residence permit from the authorities of San Marino. Such nationals have the right to obtain that residence permit, subject only to the restrictions specified below. No such residence permit shall be necessary for stays of less than 3 months, provided no employment or other permanent economic activity is taken up, nor for persons providing cross-border services in San Marino.

The conditions concerning nationals of EU Member States cannot be more restrictive than those which apply to third-country nationals.

II

1. Long-term residence permits

The number of new residence permits for stays of more than 12 months ("long-term residence permits") available each year to nationals of EU Member States who are engaged in an economic activity in San Marino must be determined in such a way that the annual net increase in the number of such nationals residing in San Marino is no lower than 3 % of the number compared to 1 January of the year before. Residence permits issued to persons naturalised in the course of the year shall be deducted from the basis on which the increase for the next year is calculated. Long-term residence permits issued in excess of the minimum number shall not be counted against the increase due the following year.

2. Short-term residence permits

The authorities of San Marino shall grant residence permits for stays of 12 months or less ("short-term residence permits") to nationals of EU Member States who are engaged in an economic activity. Nationals of EU Member States who are in possession of a short-term residence permit and who are engaged in an economic activity must be included in the quota referred to in point 1. Such nationals may remain in San Marino under the conditions laid down in Directive 2004/38/EC after the expiry of the short-term residence permit, within the limits of the quota under which they entered San Marino. A permit allocated under the quota shall be re-allocated when the person to whom it was allocated changes his or her residence to another country. The number of short-term permits available for the purpose of engaging in an economic activity shall not deviate by more than 10 % from the average of the preceding 5 years.

3. Right of residence for persons not engaged in any economic activity

An additional annual quota of 1 % of the basis referred to in the second sentence of point 1 shall be reserved for nationals of EU Member States wishing to take up residence on the basis of Article 7(1), point (b), of Directive 2004/38/EC. No quota shall apply to nationals of EU Member States who wish to take up residence on the basis of Article 7(1), point (c), of that Directive.

The authorities of San Marino shall grant residence permits in a manner that is non-discriminatory.

III

Family members of nationals of EU Member States residing legally in San Marino shall have the right to obtain a residence permit of the same validity as that of the person on whom they depend. Such family members shall have the right to take up an economic activity, in which case they will be included in the number of residence permits granted to economically active persons in accordance with sectoral adaptation II. However, the conditions in sectoral adaptation II may not be invoked to refuse such family members a residence permit in the event that the annual number of permits available to economically active persons is filled.

IV

The right of permanent residence provided for in Chapter IV of Directive 2004/38/EC shall apply to: (1) nationals of EU Member States who resided in San Marino legally and in accordance with the conditions set out in Directive 2004/38/EC before the application of this Agreement; (2) nationals of EU Member States who are resident in San Marino on the basis of a residence permit granted on the basis of this sectoral adaptation; and (3) nationals of EU Member States residing in San Marino legally and in accordance with the conditions set out in Directive 2004/38/EC who are not covered by points (1) and (2). Nationals of EU Member States who have a right of permanent residence under the conditions laid down in Directive 2004/38/EC shall no longer be counted in the number of valid residence permits.

V

Applicants for a residence permit shall receive a written reply by the end of the second month from the date of submission of the application. Unsuccessful applicants shall have the right to a reasoned refusal in writing. Unsuccessful applicants shall have the same legal remedies as citizens of San Marino as regards administrative decisions.

The right of residence of nationals of EU Member States shall be evidenced by the issuing of a residence document which meets the requirements of Article 6 of Regulation (EU) 2019/1157.

The right of residence of family members of nationals of EU Member States who are not nationals of an EU Member State shall be evidenced by the issuing of a residence card which meets the requirements of Article 7 of Regulation (EU) 2019/1157.

VI

San Marino shall be required to communicate to the EU all the information necessary to verify compliance with this sectoral adaptation.

Special regular services shall include:

IMPORTANT NOTICE

A. GENERAL PROVISIONS

1. Article 12(1), Article 5(3), second paragraph, and Article 17(1) of Regulation (EC) No 1073/2009, as adapted for the purposes of the Agreement establishing an association between the European Union and its Member States, of the one part, and the Principality of Andorra and the Republic of San Marino, each as a separate Party, of the other part, state that occasional services shall be carried out under cover of a control document (journey form detached from the book of journey forms issued to a carrier).

2. Article 2, point 4, of Regulation (EC) No 1073/2009, as adapted for the purposes of the Agreement establishing an association between the European Union and its Member States, of the one part, and the Principality of Andorra and the Republic of San Marino, each as a separate Party, of the other part, defines occasional services as services "which do not fall within the definition of regular services, including special regular services, and the main characteristic of which is the carriage of groups of passengers constituted on the initiative of the customer or the carrier himself".

Regular services are defined in Article 2, point 2, of Regulation (EC) No 1073/2009, as adapted for the purposes of the Agreement establishing an association between the European Union and its Member States, of the one part, and the Principality of Andorra and the Republic of San Marino, each as a separate Party, of the other part, as "services which provide for the carriage of passengers at specified intervals along specified routes, passengers being picked up and set down at predetermined stopping points". Regular services are open to all, subject, where appropriate, to compulsory reservation.

The regular nature of the service is not affected by any adjustment to the service operating conditions.

Services, by whomsoever organised, which provide for the carriage of specified categories of passengers to the exclusion of other passengers, are deemed to be regular services. Such services are called "special regular services" and include:

(a) the carriage of workers between home and work;

(b) the carriage of school pupils and students to and from the educational institution. The fact that a special service may be varied according to the needs of users does not affect its classification as a regular service.

3. The journey form is valid for the entire journey.

4. The European Union licence and the journey form entitle the holder to carry out:

(i) international occasional services by coach and bus between two or more EU Member States and San Marino;

(ii) cabotage operations in the form of occasional services in an EU Member State other than that in which the carrier is established or in San Marino.

5. The journey form is completed in duplicate, either by the carrier or by the driver before the beginning of each service. The copy of the journey form remains in the undertaking. The driver keeps the original on board the vehicle throughout the journey and presents it on request to enforcement officials.

6. The driver returns the journey form to the undertaking which delivered it at the end of the journey in question. The carrier is responsible for keeping the documents. They are filled in legibly and indelibly.

B. PROVISIONS SPECIFIC TO INTERNATIONAL OCCASIONAL SERVICES

1. Article 5(3), second subparagraph, of Regulation (EC) No 1073/2009, as adapted for the purposes of the Agreement establishing an association between the European Union and its Member States, of the one part, and the Principality of Andorra and the Republic of San Marino, each as a separate Party, of the other part, states that the organisation of parallel or temporary services comparable to existing regular services and serving the same public as the latter shall be subject to authorisation.

2. Carriers may carry out local excursions in an EU Member State other than that in which they are established within the framework of an international occasional service and in San Marino. Such services are intended for non-resident passengers previously transported by the same carrier in the framework of an international occasional service. They are transported in the same vehicle or another vehicle belonging to the same carrier or group of carriers.

3. In the case of local excursions, the journey form is completed before the departure of the vehicle on the excursion in question.

4. In the case of an international occasional service operated by a group of carriers acting on behalf of the same customer and possibly involving the passengers catching a connection en route with a different carrier of the same group, the original of the journey form is kept in the vehicle carrying out the service. A copy of the journey form is kept at the base of each carrier involved.

C. PROVISIONS SPECIFIC TO CABOTAGE OPERATIONS IN THE FORM OF OCCASIONAL SERVICES

1. Cabotage operations in the form of occasional services shall be subject, save as otherwise provided in European Union legislation, to the laws, regulations and administrative measures in force in the host EU Member State or in San Marino with regard to the following:

(i) the conditions governing the transport contract;

(ii) the weights and dimensions of the road vehicles;

(iii) the requirements relating to the carriage of certain categories of passenger, namely schoolchildren, children and persons with reduced mobility;

(iv) the driving time and rest periods;

(v) the value added tax (VAT) or turnover tax on the transport services. In this area, Council Directive 2006/112/EC of 28 November 2006 on the common system of value added tax ([1]), in particular Article 48 read in conjunction with Articles 193 and 194 thereof shall apply to the services specified in Article 1 of Regulation (EC) No 1073/2009, as adapted for the purposes of the Agreement establishing an association between the European Union and its Member States, of the one part, and the Principality of Andorra and the Republic of San Marino, each as a separate Party, of the other part.

2. The technical standards for construction and equipment which the vehicles used to carry out the cabotage transport operations must meet are those laid down for vehicles put into circulation in international transport.

3. EU Member States and San Marino apply the national provisions that are equivalent to the provisions referred to in points 1 and 2 above to non-resident carriers under the same conditions as those imposed on carriers established in the host EU Member State or San Marino, in order to prevent any discrimination on grounds of nationality or place of establishment.

4. In the case of cabotage operations in the form of occasional services, the journey forms are returned by the carrier to the competent authority or body of the EU Member State of establishment or San Marino in accordance with procedures to be laid down by that authority or body ([2]).

5. In the case of cabotage operations in the form of special regular services, the journey forms shall be filled out in the form of a monthly statement and returned by the carrier to the competent authority or body of the EU Member State of establishment or San Marino in accordance with procedures to be laid down by that authority or body.

[1] OJ EU L 347, 11.12.2006, p. 1.

[2] Competent authorities of the EU Member States may supplement point 4 with personnel of the agency responsible for collecting the journey forms and the procedure for forwarding the information.

3. Nelle situazioni di cui all'articolo 29 dell'accordo quadro, qualora si verifichi una crisi improvvisa nella bilancia dei pagamenti e non si possa seguire la procedura prevista al paragrafo 2 del presente articolo, lo Stato membro dell'UE o lo Stato associato interessato può adottare, a titolo conservativo, le misure di salvaguardia necessarie. Tali misure devono provocare il minor turbamento possibile nel funzionamento del presente accordo e non andare oltre la portata strettamente indispensabile a ovviare alle difficoltà improvvise manifestatesi.

4. Qualora siano adottate le misure di salvaguardia di cui al paragrafo 3, ne deve essere data notifica il giorno dell'entrata in vigore delle stesse; le consultazioni e lo scambio di informazioni di cui al paragrafo 2 hanno luogo, successivamente, quanto prima possibile.

Le disposizioni relative al trasporto combinato, stradale, ferroviario, per vie navigabili interne e marittimo che sono in vigore nella parte associata e che non figurano negli atti giuridici dell'Unione di cui all'allegato XIII di ciascun protocollo dello Stato associato non sono meno favorevoli nei loro effetti diretti o indiretti nei confronti dei vettori dell'altra parte associata rispetto ai propri vettori nazionali.

2. Il comitato misto esamina, di propria iniziativa o su richiesta di una parte associata, i casi di discriminazione che rientrano nell'ambito di applicazione del presente articolo e adotta le decisioni necessarie nel quadro delle proprio regolamento interno.

ARTICOLO 37

PARTE III

CONCORRENZA E ALTRE NORME COMUNI

CAPO 1

NORME APPLICABILI ALLE IMPRESE

ARTICOLO 38

Accordi tra imprese, decisioni di associazioni di imprese e pratiche concordate di associazioni di imprese

1. Sono incompatibili con il funzionamento del presente accordo e vietati tutti gli accordi tra imprese, tutte le decisioni di associazioni di imprese e tutte le pratiche concordate che possano pregiudicare il commercio tra le parti associate e che abbiano per oggetto o per effetto di impedire, restringere o falsare il gioco della concorrenza all'interno del territorio delle parti associate ed in particolare quelli consistenti nel:

a) fissare direttamente o indirettamente i prezzi d'acquisto o di vendita ovvero altre condizioni di transazione;

b) limitare o controllare la produzione, gli sbocchi, lo sviluppo tecnico o gli investimenti;

c) ripartire i mercati o le fonti di approvvigionamento;

d) applicare, nei rapporti commerciali con gli altri contraenti, condizioni dissimili per prestazioni equivalenti, così da determinare per questi ultimi uno svantaggio nella concorrenza;

e) subordinare la conclusione di contratti all'accettazione da parte degli altri contraenti di prestazioni supplementari, che, per loro natura o secondo gli usi commerciali, non abbiano alcun nesso con l'oggetto dei contratti stessi.

2. Gli accordi o decisioni vietati in virtù del presente articolo sono nulli di pieno diritto.

3. Tuttavia, il paragrafo 1 può essere dichiarato inapplicabile:

– a qualsiasi accordo o categoria di accordi fra imprese,

– a qualsiasi decisione o categoria di decisioni di associazioni di imprese, e

– a qualsiasi pratica concordata o categoria di pratiche concordate,

che contribuiscano a migliorare la produzione o la distribuzione dei prodotti o a promuovere il progresso tecnico o economico, pur riservando agli utilizzatori una congrua parte dell'utile che ne deriva, ed evitando di:

a) imporre alle imprese interessate restrizioni che non siano indispensabili per raggiungere tali obiettivi;

b) dare a tali imprese la possibilità di eliminare la concorrenza per una parte sostanziale dei prodotti di cui trattasi.

ARTICOLO 39

È incompatibile con il funzionamento del presente accordo e vietato, nella misura in cui possa essere pregiudizievole al commercio fra le parti associate, lo sfruttamento abusivo da parte di una o più imprese di una posizione dominante nell'ambito del territorio delle parti associate o di una sua parte sostanziale.

Tali pratiche abusive possono consistere in particolare:

a) nell'imporre direttamente o indirettamente prezzi d'acquisto, di vendita o altre condizioni di transazione non eque;

b) nel limitare la produzione, gli sbocchi o lo sviluppo tecnico, a danno dei consumatori;

c) nell'applicare nei rapporti commerciali con gli altri contraenti condizioni dissimili per prestazioni equivalenti, determinando così per questi ultimi uno svantaggio per la concorrenza;

d) nel subordinare la conclusione di contratti all'accettazione da parte degli altri contraenti di prestazioni supplementari, che, per loro natura o secondo gli usi commerciali, non abbiano alcun nesso con l'oggetto dei contratti stessi.

ARTICOLO 40

Competenza della Commissione europea

Qualora gli scambi tra Stati membri dell'UE ne possano risentire, solo la Commissione europea ha la competenza di applicare il presente capo.

ARTICOLO 41

2. Le imprese incaricate della gestione di servizi di interesse economico generale o aventi carattere di monopolio fiscale sono soggette al presente accordo e, in particolare, alle regole di concorrenza, nei limiti in cui l'applicazione di tali norme non osti all'adempimento, in linea di diritto e di fatto, della specifica missione loro affidata. Lo sviluppo degli scambi non deve essere compromesso in misura contraria agli interessi delle parti associate.

ARTICOLO 43

Produzione e commercio di prodotti agricoli

Il presente capo si applica alla produzione e al commercio di prodotti agricoli entro i limiti stabiliti dagli atti adottati a norma dell'articolo 42 TFUE per l'applicazione degli articoli 101 e 102 TFUE alla produzione e al commercio dei prodotti agricoli.

1. Salvo deroghe contemplate dal presente accordo, sono incompatibili con il funzionamento del medesimo, nella misura in cui incidano sugli scambi fra le parti associate, gli aiuti concessi da Stati membri dell'UE o dagli Stati associati, ovvero mediante risorse statali, sotto qualsiasi forma che, favorendo talune imprese o talune produzioni, falsino o minaccino di falsare la concorrenza.

2. Sono considerati compatibili con il funzionamento del presente accordo:

a) gli aiuti a carattere sociale concessi ai singoli consumatori, a condizione che siano accordati senza discriminazioni determinate dall'origine dei prodotti;

b) gli aiuti destinati a ovviare ai danni arrecati dalle calamità naturali oppure da altri eventi eccezionali.

Le parti associate garantiscono la trasparenza in merito agli aiuti di Stato che rientrano nell'ambito di applicazione del presente accordo. A tal fine, ciascuna parte associata provvede alla pubblicazione, riguardo a ciascun aiuto individuale che supera l'importo stabilito negli atti giuridici dell'UE, delle informazioni seguenti:

1. Alla Commissione europea sono comunicati, in tempo utile perché presenti le sue osservazioni, i progetti degli Stati associati diretti a istituire o modificare aiuti. Se ritiene che un progetto non sia compatibile con il mercato interno, la Commissione avvia senza indugio la procedura prevista dal paragrafo 3. Lo Stato associato interessato non può dare esecuzione alle misure progettate prima che tale procedura abbia condotto a una decisione finale.

2. La Commissione europea procede con gli Stati associati all'esame permanente dei regimi di aiuti esistenti in tali Stati associati. Essa propone a tali Stati associati le opportune misure richieste dal graduale sviluppo o dal funzionamento del mercato interno. Entro un anno dall'entrata in vigore del presente accordo, gli Stati associati compilano un inventario completo dei regimi di aiuti istituiti prima dell'entrata in vigore del presente accordo e li adeguano ai criteri di cui all'articolo 44 dell'accordo quadro entro due anni dall'entrata in vigore del presente accordo.

3. Qualora la Commissione europea, dopo aver intimato agli interessati di presentare le loro osservazioni, constati che un aiuto concesso da uno Stato associato, o mediante fondi di uno Stato associato, non è compatibile con il mercato interno, oppure che tale aiuto è attuato in modo abusivo, decide che lo Stato associato deve sopprimerlo o modificarlo nel termine da essa fissato.

4. Qualora lo Stato associato non si conformi a tale decisione di cui al paragrafo 3 entro il termine stabilito, la Commissione europea può adire direttamente alla CGUE.

ARTICOLO 47

COOPERAZIONE

ARTICOLO 62

Cooperazione antifrode

1. Le parti associate si impegnano a combattere efficacemente le frodi, la corruzione, il contrabbando e ogni altra attività illecita lesiva degli interessi finanziari dell'UE.

A tal fine, le autorità competenti degli Stati associati, da un lato, e la Commissione europea, l'Ufficio europeo per la lotta antifrode (OLAF), e la Procura europea (EPPO), dall'altro, cooperano strettamente, si consultano regolarmente e si assistono reciprocamente nell'ambito dei rispettivi mandati. Le autorità competenti degli Stati associati e l'OLAF possono concludere accordi amministrativi ai fini della loro cooperazione.

Preferibilmente, tali accordi amministrativi sono conclusi prima che uno Stato associato possa ricevere fondi dell'UE in relazione alla sua partecipazione a programmi finanziati dall'UE.

Gli Stati associati cooperano con l'UE nella lotta contro la frode e si impegnano ad allineare gradualmente le loro politiche e la loro legislazione alle disposizioni antifrode dell'UE, senza tuttavia essere tenuti ad armonizzarle. Tali disposizioni antifrode dell'UE sono elencate nei protocolli degli Stati associati.

2. Le parti associate possono scambiarsi elementi di prova, analisi o altri tipi di informazioni, compresi i dati personali, al fine di prevenire, accertare, indagare, perseguire e punire, a livello amministrativo e penale, la frode, la corruzione, il contrabbando e qualsiasi altra attività illecita lesiva dei loro rispettivi interessi finanziari.

Le informazioni e gli elementi di prova comunicati od ottenuti in virtù del presente articolo, in qualsiasi forma, sono coperti dal segreto d'ufficio e godono della protezione accordata a informazioni analoghe, inclusi i dati personali, dalla legislazione nazionale della parte associata che le ha ricevute e dalle disposizioni corrispondenti applicabili alle istituzioni dell'UE.

In particolare, tali informazioni ed elementi di prova non possono essere comunicati a persone diverse da quelle che, nell'ambito delle istituzioni dell'UE o delle autorità degli Stati associati, vi hanno accesso in ragione delle loro funzioni, né possono essere utilizzate dalle istituzioni dell'UE o dalle autorità degli Stati associati per fini diversi da quelli che rientrano nell'ambito di applicazione del presente articolo.

3. L'OLAF può effettuare controlli e ispezioni in loco presso gli operatori economici sul territorio dello Stato associato interessato se quest'ultimo beneficia di fondi dell'UE nell'ambito di programmi finanziati dall'UE, se la Commissione europea ha affidato all'OLAF compiti di esecuzione del bilancio nell'ambito di tali programmi o se le attività fraudolente svolte nello Stato associato pregiudicano i dazi doganali dell'UE o altre risorse proprie individuate da una decisione del comitato misto. Le autorità competenti dello Stato associato interessato assistono l'OLAF al riguardo nel quadro della stretta cooperazione di cui al paragrafo 1.

Nei limiti delle sue competenze e su richiesta debitamente motivata alle autorità competenti di uno Stato associato, l'OLAF può effettuare controlli e ispezioni in loco presso gli operatori economici sul territorio di tale Stato associato in casi diversi da quelli previsti al primo comma del presente paragrafo, purché l'autorità competente di uno Stato associato non si opponga a tale richiesta debitamente motivata.

Le parti associate possono intensificare il dialogo reciproco con tutti i mezzi idonei, in particolare tramite le procedure di cui alla parte VII, allo scopo di individuare le aree ed attività in cui una più stretta cooperazione può contribuire al raggiungimento degli obiettivi comuni nei settori di cui all'articolo 64 dell'accordo quadro.

2. Le parti associate provvedono, in particolare, a scambiarsi informazioni e, su richiesta di una di esse, a consultarsi in sede di comitato misto per quanto riguarda eventuali piani o proposte per la definizione o modifica di programmi quadro, programmi specifici, azioni e progetti nei settori di cui all'articolo 64 dell'accordo quadro.

3. La parte VII si applica *mutatis mutandis* nei confronti della presente parte quando specificamente previsto dalla medesima o dai protocolli degli Stati associati.

ARTICOLO 66

a) partecipazione degli Stati associati a programmi quadro, programmi specifici, progetti o altre azioni dell'UE;

e) legislazione parallela, ove opportuno, di contenuto identico o simile;

f) coordinamento, qualora si riveli di interesse reciproco, di interventi ed attività compiuti tramite organizzazioni internazionali o nel contesto di queste, e della cooperazione con paesi terzi.

ARTICOLO 67

Partecipazione degli Stati associati ai programmi quadro dell'UE, programmi specifici, progetti o altre azioni

Quando la cooperazione assume la forma della partecipazione di Stati associati a programmi quadro, programmi specifici, progetti o altre azioni dell'UE, si applicano i principi seguenti:

a) gli Stati associati hanno accesso a tutte o ad alcune parti del programma;

b) nel fissare lo status degli Stati associati nei comitati che assistono la Commissione europea nella gestione o nello sviluppo di un'attività dell'UE alla quale gli Stati associati possono contribuire finanziariamente in virtù della loro partecipazione, si tiene pienamente conto di tale contributo;

c) le decisioni dell'UE, diverse da quelle riguardanti il bilancio generale dell'Unione, che interessano direttamente o indirettamente un programma quadro, un programma specifico, un progetto o un'altra azione a cui gli Stati associati partecipino in base a una decisione adottata nel quadro del presente accordo, sono soggette alle disposizioni dell'articolo 65, paragrafo 3, dell'accordo quadro; le modalità e le condizioni della partecipazione continuativa all'attività in questione possono essere riesaminate dal comitato misto conformemente all'articolo 72 dell'accordo quadro;

d) a livello di progetto, le istituzioni, le imprese, le organizzazioni e i cittadini degli Stati associati hanno diritti ed obblighi identici, nel contesto dei programmi o delle altre azioni dell'UE in questione, ai diritti e agli obblighi che si applicano alle istituzioni, alle imprese, alle organizzazioni e ai cittadini partecipanti degli Stati membri dell'UE; lo stesso principio si applica *mutatis mutandis* ai partecipanti a scambi fra Stati membri dell'UE e Stati associati per l'attività in questione;

e) gli Stati associati, le loro istituzioni, imprese, organizzazioni e cittadini hanno diritti ed obblighi identici per quanto riguarda la divulgazione, la valutazione e lo sfruttamento dei risultati, ai diritti e agli obblighi applicabili agli Stati membri dell'UE, alle loro istituzioni, imprese, organizzazioni e cittadini;

f) le parti associate si impegnano, in conformità delle rispettive norme e regolamentazioni, a favorire per quanto necessario la circolazione dei partecipanti ai programmi o ad altre azioni.

ARTICOLO 68

Partecipazione finanziaria degli Stati associati

1. Qualora la cooperazione prevista dalla presente parte comporti la partecipazione finanziaria di uno Stato associato, tale partecipazione finanziaria assume una delle forme seguenti:

a) il contributo finanziario degli Stati associati che deriva dalla loro partecipazione alle attività dell'UE è calcolato proporzionalmente:

– agli stanziamenti d'impegno, e

– agli stanziamenti di pagamento,

iscritti ogni anno per l'UE nel suo bilancio generale in ciascuna linea di bilancio relativa alle attività in questione.

Il fattore di proporzionalità che determina il contributo degli Stati associati è costituito dalla somma dei rapporti fra il prodotto interno lordo ai prezzi di mercato di ciascuno degli Stati associati, da un lato, e la somma dei prodotti interni lordi ai prezzi di mercato degli Stati membri dell'UE e dello Stato associato in questione, dall'altro. Tale fattore di proporzionalità è calcolato, per ciascun esercizio finanziario, in base ai dati statistici più recenti.

L'importo del contributo degli Stati associati si aggiunge, sia in stanziamenti d'impegno, sia in stanziamenti di pagamento, agli importi iscritti per l'UE nel bilancio generale in ciascuna linea di bilancio relativa alle attività in questione.

I contributi che gli Stati associati devono versare ogni anno sono stabiliti in base agli stanziamenti di pagamento.

Gli impegni assunti dall'UE prima della partecipazione degli Stati associati, sulla base del presente accordo, degli Stati associati alle attività in questione e dei pagamenti che ne derivano non danno luogo ad alcun contributo da parte degli Stati associati;

b) il contributo finanziario degli Stati associati che deriva dalla loro partecipazione a determinati progetti o altre attività si basa sul principio che ciascuno Stato associato sostiene i propri costi e apporta un contributo adeguato ai costi generali dell'UE, fissato dal comitato misto;

c) il comitato misto adotta le decisioni necessarie riguardo al contributo degli Stati associati ai costi delle attività in questione.

2. Le disposizioni dettagliate per l'attuazione del presente articolo figurano nel protocollo dello Stato associato sulle modalità di attuazione dell'articolo 68 dell'accordo quadro di cui all'articolo 72 dell'accordo quadro.

ARTICOLO 69

Scambio di informazioni tra autorità pubbliche

Quando la cooperazione assume la forma di uno scambio di informazioni fra autorità pubbliche, gli Stati associati hanno gli stessi diritti di ricevere informazioni e gli stessi obblighi di fornirle degli Stati membri dell'UE, ferme restando le prescrizioni in materia di riservatezza che sono stabilite dal comitato misto.

ARTICOLO 70

ARTICOLO 73

Nuovi settori di cooperazione

Le parti associate adottano le iniziative necessarie per sviluppare, potenziare o ampliare la cooperazione nel contesto delle attività dell'UE nei settori non elencati nell'articolo 64 dell'accordo quadro, qualora si ritenga che tale cooperazione possa contribuire alla realizzazione degli obiettivi del presente accordo o sia ritenuta di reciproco interesse. Tali iniziative possono comprendere la modifica dell'articolo 64 dell'accordo quadro con l'aggiunta di nuovi settori a quelli che vi figurano.

ARTICOLO 74

Misure nazionali

Fatte salve le altre parti del presente accordo, la presente parte non preclude la possibilità per qualsiasi parte associata di elaborare, adottare e applicare indipendentemente altre misure.

Non appena elabora un atto giuridico dell'UE in un settore disciplinato dal presente accordo, la Commissione europea ne informa gli Stati associati e consulta informalmente i loro esperti nello stesso modo ed entro lo stesso termine in cui consulta gli esperti degli Stati membri dell'UE quando la Commissione europea elabora le sue proposte.

2. Quando trasmette la propria proposta al Consiglio dell'Unione europea e al Parlamento europeo, la Commissione europea ne trasmette copia agli Stati associati.

3. Su richiesta di una delle parti associate, uno scambio di opinioni preliminare, formale o informale, ha luogo in sede di comitato misto o con qualsiasi altro metodo appropriato. Su richiesta di una di esse, le parti associate si consultano nuovamente su punti importanti prima dell'adozione dell'atto giuridico dell'UE in questione. La data dell'adempimento di tali obblighi costituzionali è notificata all'UE.

2. Qualora tale notifica non abbia avuto luogo entro i sei mesi successivi all'adozione della decisione del comitato misto, la decisione si applica a titolo provvisorio, in attesa che siano adempiutigli obblighi costituzionali di cui al paragrafo 1, salvo nel caso in cui uno degli Stati associati notifichi all'UE che tale applicazione a titolo provvisorio non è possibile e per quale motivo.

Sono adottate in via prioritaria le misure che perturbano meno il funzionamento del presente accordo.

Ciascuna parte associata può chiedere in qualsiasi momento al comitato misto di rivedere o abrogare tali misure di salvaguardia.

PROTOCOLLO QUADRO 3
SUI SERVIZI FINANZIARI

PREAMBOLO

Il presente protocollo quadro tiene conto delle specificità degli Stati associati e del modo in cui i loro mercati dei servizi finanziari si integrerebbero nel mercato interno dei servizi finanziari dell'UE e nella relativa infrastruttura di vigilanza. Alla luce di ciò, è opportuno introdurre norme e disposizioni specifiche per un'agevole integrazione del mercato.

È prevista l'adozione di un approccio scaglionato per l'attuazione e l'applicazione degli atti giuridici dell'UE al fine di offrire a uno Stato associato la flessibilità necessaria per dare priorità a segmenti specifici degli atti giuridici dell'UE per i quali intende fornire innanzitutto servizi finanziari transfrontalieri. Tale approccio consente allo Stato associato di adottare e applicare gradualmente gli atti giuridici dell'UE, tenendo conto della sua situazione e delle sue preferenze specifiche.

La valutazione dell'infrastruttura di vigilanza dello Stato associato, attraverso un'analisi dell'accesso al mercato interno dei servizi finanziari dell'UE e successive analisi periodiche, serve a valutarne l'efficacia, la solidità e l'adeguatezza, tenendo conto delle caratteristiche del settore finanziario dello Stato associato, quali la natura, la diversità, le dimensioni e la complessità. Un quadro di vigilanza solido è fondamentale per garantire l'integrità e la stabilità del mercato interno dell'UE, promuovere la fiducia tra i partecipanti al mercato e salvaguardare gli interessi dei consumatori e degli investitori. Alle autorità di vigilanza dell'UE è affidato un ruolo centrale nell'intero svolgimento di tali analisi, che richiedono, ove necessario, la collaborazione e la cooperazione attive delle autorità competenti degli Stati membri dell'UE.

Alla luce delle specificità di Andorra e San Marino e delle specifiche modalità per l'integrazione del mercato previste dal presente protocollo quadro, è necessario includere nello stesso disposizioni e garanzie specifiche in materia di vigilanza che non pregiudichino e si distinguano dalle disposizioni e dalle garanzie in materia di vigilanza che disciplinano le relazioni tra gli Stati membri dell'UE e il mercato interno nel suo complesso. Al fine di evitare l'esercizio abusivo della libertà di stabilimento, gli operatori finanziari con sede negli Stati associati dovrebbero essere tenuti a prestare almeno una parte dei loro servizi nella giurisdizione degli Stati associati. Le autorità competenti degli Stati associati impediranno la creazione di soggetti giuridici privi di sostanza o con una sostanza minima che svolgano attività economiche nulle o molto limitate nella loro giurisdizione. Tali disposizioni e garanzie in materia di vigilanza sono strettamente limitate al presente accordo e non sono intese a costituire un precedente né a estendersi oltre il loro ambito di applicazione o a essere applicate in altri contesti,

PARTE I

Allegato dell'appendice 2

PROCEDURA AMMINISTRATIVA DA APPLICARE PER L'ATTUAZIONE DELL'ARTICOLO 1, LETTERE a) E b), DELL'APPENDICE 2

1. Espletamento delle formalità di immissione in libera pratica presso gli uffici doganali dell'UE

a) Le merci destinate a San Marino, quando svincolate per l'immissione in libera pratica, circolano coperte da un regime di transito T2 SM o da un documento T2L SM, a seconda dei casi. I dazi all'importazione sono presi in conto entro i termini previsti nel regolamento (UE) n. 952/2013.

b) A fini di controllo, i dazi all'importazione presi in conto sono debitamente iscritti in un registro specifico presso l'ufficio doganale dell'UE interessato. Tale registro riporta le importazioni destinate a San Marino indicando le merci importate, la data dell'accettazione della dichiarazione d'importazione, gli elementi di imposizione, l'importo dei dazi all'importazione corrispondenti e il numero di riferimento del movimento o il documento T2 SM o T2 L SM rilasciato.

c) Il giorno in cui le merci sono presentate all'ufficio doganale di destinazione, le autorità di San Marino informano l'ufficio doganale dell'UE di partenza del loro arrivo mediante un messaggio di "Notifica di arrivo" e, entro tre giorni dal giorno in cui le merci sono state presentate all'ufficio doganale di destinazione, inviano all'ufficio doganale di partenza un messaggio di "Risultati dell'ispezione".

d) Quando nel regime di transito di riserva è utilizzato un documento T2 SM o un documento T2L SM, l'ufficio doganale dell'UE che ha rilasciato il documento indica su tale documento il termine ultimo di tre mesi a decorrere dalla data di rilascio di tale documento per rispedire, a seconda dei casi, l'esemplare n. 5 del documento T2 SM o la copia del documento T2L SM debitamente vistati dalle autorità di San Marino all'ufficio doganale dell'UE che ha rilasciato il documento.

2. Espletamento delle formalità contabili presso gli uffici doganali dell'UE abilitati

a) I dazi all'importazione sono iscritti nella contabilità "San Marino" con una procedura equivalente a quella di cui all'articolo 6, paragrafo 3, primo comma, del regolamento (UE, Euratom) n. 609/2014 e conformemente al suddetto articolo.

b) Le autorità degli Stati membri dell'UE aventi uffici doganali dell'UE possono decidere di non procedere all'iscrizione nella suddetta contabilità "San Marino" quando i dazi all'importazione accertati e coperti da una garanzia danno luogo a contestazioni e possono subire variazioni in seguito alle controversie che ne risultano. In tal caso, e fintanto che non si conclude la procedura nazionale per il trattamento amministrativo o giudiziario presso le autorità competenti, l'importo dei dazi all'importazione viene iscritto nella contabilità separata "San Marino" con una procedura equivalente a quella di cui all'articolo 6, paragrafo 3, secondo comma, del regolamento (UE, Euratom) n. 609/2014.

c) Ai fini della lettera b), per "autorità competenti" si intendono:

i) per qualunque questione riguardante l'applicazione di disposizioni legislative, regolamentari o amministrative applicabili in materia doganale, le autorità amministrative o giudiziarie dello Stato membro dell'UE che ha proceduto allo sdoganamento o, se del caso, le autorità amministrative o giudiziarie dell'UE;

ii) per qualunque questione relativa a disposizioni di procedura quali le notifiche e i termini, le autorità amministrative o giudiziarie dello Stato membro dell'UE che ha proceduto allo sdoganamento;

iii) per qualunque questione relativa all'attuazione pratica di una decisione esecutiva tesa alla riscossione forzata di crediti sul territorio di San Marino, le autorità giudiziarie di San Marino.

3. Appuramento del regime di transito e rispedizione dei documenti giustificativi

a) L'appuramento dell'operazione di transito può avvenire quando l'ufficio doganale di partenza delle merci ha ricevuto gli appropriati messaggi di "Avviso di arrivo avvenuto" e di "Risultati del controllo" entro i termini previsti nel regolamento d'esecuzione (UE) 2015/2447 della Commissione[1].

[1] Regolamento di esecuzione (UE) 2015/2447 della Commissione del 24 novembre 2015 recante modalità di applicazione di talune disposizioni del regolamento (UE) n. 952/2013 del Parlamento europeo e del Consiglio che istituisce il codice doganale dell'Unione (GU L 343 del 29.12.2015, pag. 558).

b) Quando si usa un regime di transito di riserva o se è stato rilasciato un documento T2L SM, l'esemplare n. 5 del documento T2 SM o la copia del documento T2L SM, debitamente vistati dalle autorità di San Marino, sono rispediti all'ufficio doganale che ha rilasciato il documento entro tre mesi di cui al paragrafo 1, lettera d).

c) Se il messaggio di cui alla lettera a) non è trasmesso o se l'esemplare n. 5 del documento T2 SM o la copia del documento T2L SM non è rispedito all'ufficio doganale di partenza entro il termine prescritto, sono effettuate annotazioni nel registro di cui al paragrafo 1, lettera b), del presente allegato e una rettifica dell'iscrizione contabile iniziale. In tal caso i dazi all'importazione sono accertati come risorse proprie dell'UE e riportati nella contabilità di cui all'articolo 6, paragrafo 3, primo comma, del regolamento (UE, Euratom) n. 609/2014 o, se del caso, nella contabilità separata di cui all'articolo 6, paragrafo 3, secondo comma, del medesimo regolamento, tale iscrizione di una risorsa propria non osta a eventuali correzioni che potrebbero risultare necessarie a seguito del completamento della procedura di indagine prevista dal regime di transito dell'UE o a seguito dell'esito delle misure adottate nell'ambito dell'assistenza reciproca tra autorità amministrative in materia doganale di cui all'appendice 3 del presente protocollo.

4. Applicazione della procedura specifica nel quadro del regime di perfezionamento attivo e dell'ammissione temporanea

La procedura descritta nel presente allegato si applica, *mutatis mutandis*, per i prodotti compensatori o per le merci non trasformate smerciati sul territorio di San Marino nel quadro del regime di perfezionamento attivo o per le merci per le quali è insorta un'obbligazione doganale nel quadro del regime dell'ammissione temporanea.

L'autorità richiedente restituisce tali documenti originali con la massima sollecitudine.

3. Fatto salvo il paragrafo 2, l'autorità interpellata fornisce all'autorità richiedente tutte le informazioni relative all'autenticità dei documenti rilasciati o autenticati da enti ufficiali all'interno del suo territorio per corroborare una dichiarazione relativa alle merci.

Appendice 6

ACQUISTO DI RESIDENZE SECONDARIE A SAN MARINO

Tenendo presente il numero molto esiguo di abitazioni a San Marino e la scarsità di terreni edificabili disponibili, che possono appena coprire le esigenze di base derivanti dall'evoluzione demografica degli attuali residenti, San Marino può applicare in maniera non discriminatoria le procedure di autorizzazione esistenti all'acquisto di beni immobili destinati a residenza secondaria da parte di cittadini degli Stati membri dell'UE che non risiedono legalmente a San Marino da almeno cinque anni.

Per l'acquisto di beni immobili destinati a residenza secondaria sul suo territorio, San Marino applica procedure di autorizzazione basate su criteri pubblici, obiettivi, costanti e trasparenti. Tali criteri sono applicati in maniera non discriminatoria e non creano distinzioni tra cittadini sanmarinesi e cittadini di altri Stati membri dell'UE. San Marino garantisce che un cittadino di uno Stato membro non possa avere un trattamento più restrittivo rispetto a cittadini di paesi terzi.
