Ai fini del presente accordo, le disposizioni del regolamento (UE) n. 168/2013 si intendono adattate come segue:

data la decisione dell'UE di non estendere i diritti e gli obblighi di San Marino di rilasciare omologazioni UE e designare servizi tecnici dell'UE diversi da quelli istituiti o designati dagli Stati membri dell'UE,

a) in relazione all'omologazione UE gli articoli 6, 7 e 11, gli articoli da 25 a 37, gli articoli 40, 41, 49, 51 e 52 e gli articoli da 61 a 71 non si applicano;

b) all'articolo 42, il paragrafo 9 è sostituito dal seguente: "9. Le autorità di omologazione degli Stati membri dell'UE possono accettare l'omologazione nazionale rilasciata da San Marino qualora ritengano che le prescrizioni tecniche nazionali di San Marino in base alle quali il veicolo è stato omologato siano equivalenti alle proprie. L'omologazione è valida solo nello Stato membro dell'UE che accetta tale equivalenza.";

c) all'articolo 53, il paragrafo 1 è sostituito dal seguente: "1. Tutte le decisioni prese ai sensi del presente regolamento e tutte le decisioni di rifiuto di un'immatricolazione o di divieto o limitazione dell'immissione sul mercato, dell'immatricolazione o dell'entrata in circolazione di un veicolo o che impongono il ritiro di un veicolo dal mercato sono debitamente motivate.".

Nonostante tali eccezioni, San Marino accetta come prova di conformità dei veicoli, dei sistemi, dei componenti e delle parti da immettere sul mercato i certificati UE e UN rilasciati dalle autorità di omologazione dell'UE e le relative marcature, senza ulteriori prove o marcature (oltre alle marcature o alle etichette già prescritte negli atti giuridici dell'UE o nei regolamenti UN). Per quanto riguarda i certificati e le marcature UN, ciò vale solo per i regolamenti UNECE del 1958 applicati dall'UE.

Per i regolamenti UNECE del 1958 che l'UE e San Marino applicano nelle medesime versioni, l'UE accetta i certificati UN validamente rilasciati da San Marino.

San Marino applica le disposizioni della normativa dell'UE sui veicoli a motore in materia di vigilanza del mercato. San Marino può affidare tale compito, in tutto o in parte, all'autorità di vigilanza del mercato di uno Stato membro dell'UE di sua scelta.

Ai fini del presente accordo, le disposizioni del regolamento (UE) n. 167/2013 si intendono adattate come segue:

data la decisione dell'UE di non estendere i diritti e gli obblighi di San Marino di rilasciare omologazioni UE e designare servizi tecnici dell'UE diversi da quelli istituiti o designati dagli Stati membri dell'UE,

a) in relazione all'omologazione UE gli articoli 5, 6, gli articoli da 20 a 32, gli articoli 35 e 36 e gli articoli da 57 a 67 non si applicano;

b) all'articolo 37, il paragrafo 8 è sostituito dal seguente:

"8. Le autorità di omologazione degli Stati membri dell'UE possono accettare l'omologazione nazionale rilasciata da San Marino qualora ritengano che le prescrizioni tecniche nazionali di San Marino in base alle quali il veicolo è stato omologato siano equivalenti alle proprie. L'omologazione è valida solo nello Stato membro dell'UE che accetta tale equivalenza.";

c) all'articolo 48, il paragrafo 1 è sostituito dal seguente:

"1. Tutte le decisioni prese ai sensi del presente regolamento e tutte le decisioni di rifiuto di un'immatricolazione o di divieto o limitazione dell'immissione sul mercato, dell'immatricolazione o dell'entrata in circolazione di un veicolo o che impongono il ritiro di un veicolo dal mercato sono debitamente motivate.".

Nonostante tali eccezioni San Marino accetta come prova di conformità dei veicoli, dei sistemi, dei componenti e delle parti da immettere sul mercato i certificati UE e UN rilasciati dalle autorità di omologazione dell'UE, così come i verbali di prova OCSE e le certificazioni rilasciate dalle autorità nazionali designate nell'UE, e le relative marcature, senza ulteriori prove o marcature (oltre alle marcature o alle etichette già prescritte negli atti giuridici dell'UE o nei regolamenti UN). Per quanto riguarda i certificati e le marcature UN, ciò vale solo per i regolamenti UNECE del 1958 applicati dall'UE.

Per i regolamenti UNECE del 1958 che l'UE e San Marino applicano nelle medesime versioni, l'UE accetta i certificati UN validamente rilasciati da San Marino.

San Marino applica le disposizioni della normativa dell'UE sui veicoli agricoli e forestali in materia di vigilanza del mercato. San Marino può affidare tale compito, in tutto o in parte, all'autorità di vigilanza del mercato di uno Stato membro dell'UE di sua scelta.

Tali adattamenti si applicano *mutatis mutandis* alle disposizioni relative all'omologazione UE previste negli atti seguenti:

Ai fini del presente accordo, le disposizioni del regolamento (UE) 2016/1628 si intendono adattate come segue:

data la decisione dell'UE di non estendere i diritti e gli obblighi di San Marino di rilasciare omologazioni UE e designare servizi tecnici dell'UE diversi da quelli istituiti o designati dagli Stati membri dell'UE:

a) gli articoli 5 e 6, gli articoli da 20 a 30, gli articoli 34, 35 e 36, gli articoli 38, 39 e 40, gli articoli da 45 a 54 e e l'articolo 61 non si applicano;

b) l'articolo 41 è sostituito da quanto segue:

"*Articolo 41*

Tutte le decisioni prese ai sensi del presente regolamento e tutte le decisioni di rifiuto di un'immatricolazione o di divieto o limitazione dell'immissione sul mercato, dell'immatricolazione o dell'entrata in circolazione di un veicolo o che impongono il ritiro di un veicolo dal mercato sono debitamente motivate.".

Nonostante tali eccezioni San Marino accetta come prova di conformità dei motori da immettere sul mercato i certificati UE e UN rilasciati dalle autorità di omologazione dell'UE e le relative marcature, senza ulteriori prove o marcature (oltre alle marcature o alle etichette già prescritte negli atti giuridici dell'UE o nei regolamenti UN). Per quanto riguarda i certificati e le marcature UN, ciò vale solo per i regolamenti UNECE del 1958 applicati dall'UE.

Per i regolamenti UNECE del 1958 che l'UE e San Marino applicano nelle medesime versioni, l'UE accetta i certificati UN validamente rilasciati da San Marino.

Per quanto riguarda le emissioni, San Marino applica le disposizioni della normativa dell'UE sulle macchine mobili non stradali in materia di vigilanza del mercato. San Marino può affidare tale compito, in tutto o in parte, all'autorità di vigilanza del mercato di uno Stato membro dell'UE di sua scelta.

ALLEGATO VIII – PROTOCOLLO DI SAN MARINO

LIBERTÀ DI STABILIMENTO

Elenco di cui all'articolo 17, paragrafo 4, dell'accordo quadro

INTRODUZIONE

Si applica il protocollo quadro 1, salvo altrimenti previsto nel presente allegato, ove gli atti giuridici dell'UE cui è fatto riferimento nel presente allegato contengano concetti o si riferiscano a procedure peculiari dell'ordinamento giuridico dell'Unione, quali:

– considerando;

– destinatari degli atti giuridici dell'UE;

– riferimenti a territori o lingue dell'UE;

– riferimenti a diritti e obblighi degli Stati membri dell'UE o loro enti pubblici, imprese o singoli cittadini nei rapporti reciproci; e

– riferimenti a procedure di informazione e notificazione.

ADATTAMENTI SETTORIALI

Gli adattamenti settoriali seguenti si applicano a San Marino alla luce della sua specifica situazione geografica. La disposizione seguente è riesaminata con cadenza decennale.

I

I cittadini degli Stati membri dell'UE possono soggiornare a San Marino solo dopo aver ottenuto il permesso di soggiorno dalle autorità di San Marino. Tali cittadini hanno il diritto di ottenere tale permesso di soggiorno subordinatamente alle sole restrizioni di seguito specificate. Il permesso di soggiorno non è necessario per soggiorni di durata inferiore a tre mesi, a condizione che la persona non svolga un'attività lavorativa o altra attività economica permanente, né è necessario per le persone che forniscono servizi transfrontalieri a San Marino.

Le condizioni applicate ai cittadini di Stati membri dell'UE non possono essere più restrittive di quelle applicate ai cittadini di paesi terzi.

II

1. Permessi di soggiorno di lunga durata

Il numero di nuovi permessi di soggiorno per periodi superiori a dodici mesi (“permessi di soggiorno di lunga durata”) a disposizione ogni anno dei cittadini degli Stati membri dell'UE che esercitano un'attività economica a San Marino deve essere stabilito in modo tale che l'aumento annuo netto del numero di tali cittadini soggiornanti a San Marino non sia inferiore al 3 % del loro numero rispetto al 1º gennaio dell'anno precedente. I permessi di soggiorno rilasciati a persone naturalizzate nel corso dell'anno sono detratti dalla base utilizzata per calcolare l'aumento del numero di permessi per l'anno successivo. Dei permessi di soggiorno di lunga durata rilasciati oltre il numero minimo non è tenuto conto ai fini del calcolo dell'aumento dovuto per l'anno successivo.

2. Permessi di soggiorno di breve durata

Le autorità di San Marino rilasciano permessi di soggiorno per soggiorni di dodici mesi o inferiori (“permessi di soggiorno di breve durata”) ai cittadini di Stati membri dell'UE che esercitano un'attività economica. I cittadini degli stati membri dell'UE in possesso di un permesso di soggiorno di breve durata e che esercitano un'attività economica devo essere inseriti nel contingente di cui al punto 1. Alla scadenza del permesso di soggiorno di breve durata, tali cittadini possono continuare a soggiornare a San Marino alle condizioni di cui alla direttiva 2004/38/CE e nei limiti del contingente in vigore al momento del loro ingresso a San Marino. Un permesso assegnato nell'ambito di un contingente viene riassegnato quando la persona che ne beneficiava sposta la residenza in un altro paese. Il numero di permessi di soggiorno disponibili per l'esercizio di un'attività economica non si discosta di più del 10 % dalla media dei cinque anni precedenti.

3. Diritto di soggiorno delle persone che non esercitano un'attività economica

Un contingente supplementare pari all'1 % del contingente di base di cui alla seconda frase del punto 1 è riservato a cittadini degli Stati membri dell'UE che intendono stabilirsi a San Marino sulla base dell'articolo 7, paragrafo 1, lettera b), della direttiva 2004/38/CE. Ai cittadini degli Stati membri dell'UE che intendono stabilirsi ad Andorra sulla base dell'articolo 7, paragrafo 1, lettera c), della stessa direttiva non si applica alcun contingente.

Le autorità di San Marino rilasciano i permessi di soggiorno in modo non discriminatorio.

III

I familiari di cittadini di Stati membri dell'UE che soggiornano legalmente a San Marino hanno il diritto di ottenere un permesso di soggiorno della stessa validità di quello rilasciato alla persona da cui dipendono. Tali familiari hanno il diritto di intraprendere un'attività economica, nel cui caso saranno inclusi nel numero di permessi di soggiorno rilasciati alle persone economicamente attive in conformità dell'adattamento settoriale II. Tuttavia, le condizioni dell'adattamento settoriale II non possono essere addotte per rifiutare a tali familiari il permesso di soggiorno nel caso in cui sia stato esaurito il numero annuo di permessi di soggiorno destinati alle persone economicamente attive.

I richiedenti la cui domanda è stata respinta hanno diritto a ricevere per iscritto le motivazioni del rifiuto. I richiedenti la cui domanda è stata respinta possono avvalersi degli stessi mezzi di ricorso avverso le decisioni amministrative a disposizione dei cittadini di San Marino.

Il diritto di soggiorno dei cittadini degli Stati membri dell'UE è comprovato dal rilascio di un documento di soggiorno conforme ai requisiti dell'articolo 6 del regolamento (UE) 2019/1157.

Il diritto di soggiorno dei familiari di cittadini degli Stati membri dell'UE che non sono cittadini di uno Stato membro dell'UE è comprovato dal rilascio di una carta di soggiorno conforme ai requisiti dell'articolo 7 del regolamento (UE) 2019/1157.

   d) tra paesi terzi con transito nel territorio di uno o più Stati membri dell'UE o San Marino,

   nonché gli spostamenti a vuoto relativi a tali trasporti, alle condizioni stabilite dal regolamento (CE) n. 1073/2009, quale adattato ai fini dell'accordo che istituisce un'associazione tra l'Unione europea e i suoi Stati membri, da una parte, e il Principato di Andorra e la Repubblica di San Marino ciascuno a titolo di parte distinta, dall'altra.

   Nel caso di un trasporto da uno Stato membro dell'UE o da San Marino verso un paese terzo e viceversa, il regolamento (CE) n. 1073/2009, quale adattato ai fini dell'accordo che istituisce un'associazione tra l'Unione europea e i suoi Stati membri, da una parte, e il Principato di Andorra e la Repubblica di San Marino ciascuno a titolo di parte distinta, dall'altra, non si applica alla parte di percorso effettuato all'interno del territorio dello Stato membro dell'UE di imbarco o di sbarco o di San Marino.

4. La presente licenza è personale e non è cedibile.

5. La presente licenza può essere ritirata dall'autorità competente di San Marino, in particolare qualora il vettore:

   a) non soddisfi più le condizioni di cui all'articolo 3, paragrafo 1, del regolamento (CE) n. 1073/2009, quale adattato ai fini dell'accordo che istituisce un'associazione tra l'Unione europea e i suoi Stati membri, da una parte, e il Principato di Andorra e la Repubblica di San Marino ciascuno a titolo di parte distinta, dall'altra;

   b) abbia fornito informazioni inesatte in ordine ai dati necessari al fine del rilascio o del rinnovo della licenza;

c)

(Terza pagina della licenza)

c) abbia commesso un'infrazione grave o infrazioni alla normativa dell'Unione euroepa in materia di trasporti su strada, quale adattata ai fini dell'accordo che istituisce un'associazione tra l'Unione europea e i suoi Stati membri, da una parte, e il Principato di Andorra e la Repubblica di San Marino ciascuno a titolo di parte distinta, dall'altra, in un qualsiasi Stato membro dell'UE o a San Marino, in particolare per quanto riguarda le norme applicabili ai veicoli, ai tempi di guida e ai periodi di riposo dei conducenti e alla fornitura senza autorizzazione di servizi paralleli o temporanei di cui all'articolo 5, paragrafo 1, quinto comma, del regolamento (CE) n. 1073/2009, quale adattato ai fini di tale accordo. Le autorità competenti di San Marino, se paese di stabilimento del vettore che ha commesso l'infrazione, possono procedere in particolare al ritiro della licenza ovvero al ritiro temporaneo o permanente di alcune o di tutte le copie certificate conformi della licenza.

Tali sanzioni sono determinate in funzione della gravità dell'infrazione commessa dal titolare della licenza e del numero totale delle copie certificate conformi di cui dispone relativamente ai suoi servizi di trasporto internazionale.

6. L'originale della licenza deve essere conservato dal vettore. Una copia certificata conforme deve trovarsi a bordo del veicolo che effettua un trasporto internazionale.

7. La presente licenza deve essere esibita a richiesta degli agenti preposti al controllo.

8. Il titolare è tenuto a rispettare, sul territorio di ogni Stato membro dell'UE o di San Marino, le disposizioni legislative, regolamentari e amministrative in vigore in tale Stato membro dell'UE, in particolare in materia di trasporto e circolazione.

9. Per "servizi regolari" si intendono i servizi che assicurano il trasporto di passeggeri con una frequenza e su un itinerario determinati, in cui l'imbarco o lo sbarco dei passeggeri hanno luogo alle fermate preventivamente stabilite e che sono accessibili a tutti, salvo, se del caso, l'obbligo di prenotare.

La regolarità del servizio non è compromessa da un adeguamento delle condizioni di esercizio del servizio stesso.

I servizi regolari sono soggetti ad autorizzazione.

Per "servizi regolari specializzati" si intendono servizi regolari, chiunque ne sia l'organizzatore, che assicurano il trasporto di determinate categorie di passeggeri ad esclusione di altre, con una frequenza e su un itinerario determinati e in cui l'imbarco o lo sbarco dei passeggeri hanno luogo a fermate preventivamente stabilite.

I servizi regolari specializzati comprendono:

a) il trasporto domicilio-lavoro dei lavoratori;

b) il trasporto domicilio-istituto scolastico degli scolari e degli studenti.

Il fatto che l'organizzazione del trasporto possa adeguarsi alle necessità variabili degli utenti non modifica il carattere regolare dei servizi specializzati.

I servizi regolari specializzati non sono soggetti ad autorizzazione purché siano contemplati da un contratto stipulato tra l'organizzatore ed il vettore.

L'organizzazione di servizi paralleli o temporanei che servono la stessa clientela dei servizi regolari esistenti è soggetta ad autorizzazione.

Per "servizi occasionali" si intendono i servizi che non rispondono né alla definizione di servizi regolari, né alla definizione di servizi regolari specializzati, e che sono principalmente caratterizzati dal fatto di trasportare gruppi costituiti su richiesta di un committente o del vettore stesso. L'organizzazione di servizi paralleli o temporanei comparabili ai servizi regolari esistenti e che servono la stessa clientela di questi ultimi è soggetta ad autorizzazione secondo la procedura stabilita al capo III del regolamento (CE) n. 1073/2009, quale adattato ai fini dell'accordo che istituisce un'associazione tra l'Unione europea e i suoi Stati membri, da una parte, e il Principato di Andorra e la Repubblica di San Marino ciascuno a titolo di parte distinta, dall'altra. Questi servizi non perdono la caratteristica di servizi occasionali per il mero fatto di essere effettuati con una certa frequenza.

I servizi occasionali non sono soggetti ad autorizzazione.

A. DISPOSIZIONI GENERALI

1. L'articolo 12, paragrafo 1, l'articolo 5, paragrafo 3, secondo comma, e l'articolo 17, paragrafo 1, del regolamento (CE) n. 1073/2009, quale adattato ai fini dell'accordo che istituisce un'associazione tra l'Unione europea e i suoi Stati membri, da una parte, e il Principato di Andorra e la Repubblica di San Marino ciascuno a titolo di parte distinta, dall'altra, prevedono che per i servizi occasionali è necessario un documento di controllo (foglio di viaggio estratto dal libretto di fogli di viaggio rilasciati ad un vettore).

2. L'articolo 2, punto 4), del regolamento (CE) n. 1073/2009, quale adattato ai fini dell'accordo che istituisce un'associazione tra l'Unione europea e i suoi Stati membri, da una parte, e il Principato di Andorra e la Repubblica di San Marino ciascuno a titolo di parte distinta, dall'altra, definisce i servizi occasionali come i servizi "che non rientrano né nella definizione di servizi regolari, né nella definizione di servizi regolari specializzati e la cui principale caratteristica è il trasporto di gruppi di passeggeri costituiti su iniziativa di un committente o del vettore stesso".

D'altra parte i servizi regolari sono definiti all'articolo 2, punto 2), del regolamento (CE) n. 1073/2009 quale adattato ai fini dell'accordo che istituisce un'associazione tra l'Unione europea e i suoi Stati membri, da una parte, e il Principato di Andorra e la Repubblica di San Marino ciascuno a titolo di parte distinta, dall'altra, come "i servizi che assicurano il trasporto di passeggeri con una frequenza e su un itinerario determinati e che possono prendere a bordo e deporre i viaggiatori alle fermate preventivamente stabilite".

I servizi regolari sono accessibili a tutti, salvo, se del caso, l'obbligo di prenotare.

Il carattere regolare del servizio non è compromesso da un adeguamento delle condizioni di esercizio del servizio stesso.

Chiunque sia l'organizzatore dei trasporti, sono considerati servizi regolari quelli che assicurano il trasporto di determinate categorie di passeggeri, ad esclusione di altri viaggiatori. Tali servizi sono denominati "servizi regolari specializzati" e comprendono:

a) il trasporto domicilio-lavoro dei lavoratori,

b) il trasporto domicilio-istituto scolastico degli scolari e degli studenti. Il fatto che l'organizzazione del trasporto possa adeguarsi alle necessità variabili degli utenti non modifica il carattere regolare dei servizi specializzati.

3. Il foglio di viaggio è valido per tutto il percorso.

4. Il titolare della licenza dell'Unione europea e del foglio di viaggio è autorizzato ad effettuare:

i) servizi occasionali internazionali tra due o più Stati membri dell'UE o San Marino effettuati con autobus;

ii) trasporti di cabotaggio in quanto servizi occasionali effettuati da un vettore in uno Stato membro dell'UE diverso da quello in cui è stabilito o San Marino.

5. Il foglio di viaggio è compilato, in duplice esemplare, dal vettore o dal conducente prima dell'inizio di ciascun servizio. La copia del foglio di viaggio rimane presso l'impresa. Il conducente conserva l'originale a bordo del veicolo per tutta la durata del viaggio. Il foglio di viaggio deve essere esibito ad ogni richiesta degli agenti preposti al controllo.

6. Alla conclusione del viaggio il conducente restituisce il foglio di viaggio all'impresa che lo ha rilasciato. Il vettore è responsabile della tenuta regolare di tali documenti; essi sono compilati a caratteri leggibili e con inchiostro indelebile.

B. DISPOSIZIONI SPECIFICHE PER I SERVIZI OCCASIONALI INTERNAZIONALI

1. L'articolo 5, paragrafo 3, secondo comma, del regolamento (CE) n. 1073/2009, quale adattato ai fini dell'accordo che istituisce un'associazione tra l'Unione europea e i suoi Stati membri, da una parte, e il Principato di Andorra e la Repubblica di San Marino ciascuno a titolo di parte distinta, dall'altra, prevede che l'organizzazione di servizi paralleli o temporanei paragonabili ai servizi regolari esistenti e che servono la stessa clientela di questi ultimi è soggetta ad autorizzazione.

2. Nell'ambito di un servizio occasionale internazionale, un vettore può effettuare escursioni locali in uno Stato membro dell'UE diverso da quello in cui è stabilito. Tali servizi sono destinati a viaggiatori non residenti trasportati in precedenza dal medesimo vettore nell'ambito di un servizio occasionale internazionale e a San Marino. Essi sono trasportati con il medesimo veicolo o con un veicolo dello stesso vettore o gruppo di vettori.

3. Nel caso di escursioni locali, il foglio di viaggio è compilato prima della partenza del veicolo per l'escursione in questione.

4. Nel caso di un servizio occasionale internazionale prestato da un gruppo di vettori che agiscono per conto del medesimo committente e che comporti eventualmente una coincidenza durante il viaggio effettuata dai viaggiatori con un altro vettore dello stesso gruppo, l'originale del foglio di viaggio è conservato a bordo del veicolo circolante. Una copia del foglio di viaggio viene conservata presso la sede di ogni vettore interessato.

C. DISPOSIZIONI SPECIFICHE PER TRASPORTI DI CABOTAGGIO EFFETTUATI IN QUANTO SERVIZI OCCASIONALI

1. I trasporti di cabotaggio effettuati in quanto servizi occasionali sono soggetti, fatta salva l'applicazione della normativa dell'Unione europea, alle disposizioni legislative, regolamentari ed amministrative in vigore nello Stato membro dell'UE ospitante o a San Marinoper quanto riguarda:

i) le condizioni che disciplinano il contratto di trasporto;

2. Le norme tecniche di costruzione e di attrezzatura che i veicoli utilizzati per effettuare trasporti di cabotaggio devono osservare sono quelle imposte ai veicoli ammessi alla circolazione nei trasporti internazionali.

3. Le disposizioni nazionali che sono equivalenti alle disposizioni di cui ai paragrafi 1 e 2 sono applicate dagli Stati membri dell'UE e San Marino ai vettori non residenti alle medesime condizioni imposte ai vettori stabiliti nello Stato membro dell'UE ospitante o San Marino, al fine di evitare qualsiasi discriminazione fondata sulla nazionalità o sul luogo di stabilimento.

4. Nel caso di trasporti di cabotaggio effettuati in quanto servizi occasionali, i fogli di viaggio devono essere inviati dal vettore all'autorità o all'organismo competenti dello Stato membro dell'UE di stabilimento o San Marino secondo modalità che saranno determinate da tale autorità od organismo([2]).

DISPOSIZIONI GENERALI

1. L'articolo 2, punto 5, del regolamento (CE) n. 1073/2009, quale adattato ai fini dell'accordo che istituisce un'associazione tra l'Unione europea e i suoi Stati membri, da una parte, e il Principato di Andorra e la Repubblica di San Marino ciascuno a titolo di parte distinta, dall'altra, definisce i "trasporti per conto proprio" nel modo seguente: "trasporti effettuati senza scopo di lucro ed a fini non commerciali, da una persona fisica o giuridica, in cui:

   – l'attività di trasporto costituisca soltanto un'attività accessoria per tale persona fisica o giuridica, e

   – i veicoli utilizzati siano di proprietà della persona fisica o giuridica o siano stati acquistati a rate dalla stessa o abbiano formato oggetto di un contratto di leasing a lungo termine e siano guidati da un dipendente della persona fisica o giuridica o dalla persona fisica stessa o da personale impiegato dall'impresa o messo a disposizione dell'impresa in base a un obbligo contrattuale".

2. Ciascun vettore per conto proprio è autorizzato, a norma dell'articolo 3, paragrafo 2, del regolamento (CE) n. 1073/2009, quale adattato ai fini dell'accordo che istituisce un'associazione tra l'Unione europea e i suoi Stati membri, da una parte, e il Principato di Andorra e la Repubblica di San Marino ciascuno a titolo di parte distinta, dall'altra, ad effettuare tale tipo di trasporto senza discriminazioni basate sulla nazionalità o sul luogo di stabilimento, a condizione che ciascun vettore per conto proprio:
